The One Unified,
Modern Solution to
Drive Institutional
and Student Success

Jenzabar®

One Ecosystem to Power the Digital Campus

Successfully navigate digital transformation and future-proof your campus.

As an integrated ecosystem of cloud ERP, SIS, and point solutions to serve your entire campus, Jenzabar One supports your digital transformation needs today and in the future. By eliminating data and departmental silos and enabling unparalleled collaboration across campus, Jenzabar One gives you the agility, flexibility, and scalability to keep pace with the evolving higher education environment.

-
- ▶ Accelerate innovation and improve competitiveness by making data-informed decisions.
-
- ▶ Unify operations by leveraging a centralized, single system of record with solutions that serve the need of every department on campus.
-
- ▶ Enable new levels of agility and scalability while protecting data more efficiently through the cloud.
-
- ▶ Provide a seamless user experience that connects your staff and students on one modern platform.
-

"Jenzabar One is a complete solution and has offerings for everything that you might need to do. We are through and through a Jenzabar School: our recruitment on the admission side, the student information from candidate to student to alumnus, human resources, payroll...we do all this with Jenzabar One."

One Solution to Empower Student Success

Engage with the New Student and help them thrive throughout their academic journeys and beyond.

As a student-centric solution, Jenzabar One enables you to deliver personalized experiences across every step of the learner's journey, from their first interaction as a prospect to their matriculation, graduation, and eventual development into an alumnus and advocate. Jenzabar One helps students connect their professional goals with academic outcomes to maximize persistence and success.

-
- ▶ Deliver personalized experiences for all types of students at every step of their learning journey, wherever they are.
-
- ▶ Develop flexible and engaging in-person, online, or hybrid learning environments.
-
- ▶ Improve employability after graduation by offering in-demand academic programs and career-focused advising.
-
- ▶ Support and enable always-on, omnichannel, self-service experiences.
-

"The important thing is that Jenzabar meets the needs of small to midsize colleges and universities. Our all-inclusive software drives efficiency throughout the campus in order to easily bring a student from inquiry status to Bluffton alumni."

Deb Turner

Chief Information Technology Officer
Bluffton University

One Platform to Maximize Value

Monetize new strategies and optimize performance across your campus.

Jenzabar One is a platform designed to drive institutional growth, maximize campus resources, and reduce costs by optimizing business operations through digital transformation. Deployed on-time, on-budget, Jenzabar One can help you quickly uncover new opportunities to increase revenue, minimize costs, and reduce time to value.

- ▶ Streamline processes by automating and configuring flexible workflows.
 - ▶ Improve visibility and productivity by enabling cross-department collaboration.
 - ▶ Accelerate strategic growth by using new technologies to attract right-fit students, boost retention, and strengthen donor relationships.
 - ▶ Reduce IT costs and staff burnout by minimizing customization and complex integrations.
- 

"The Jenzabar team clearly understood our unique business goals and helped us put in place a system that exceeded our financial and operational aspirations."

One Vision for the Future

Uncover your best path forward in an unpredictable higher education environment.

Recognized for innovation and its breakthrough use of modern technologies, Jenzabar One can meet the evolving needs of higher education institutions by giving them the resources they need today as well as the tools to anticipate the needs of tomorrow. It empowers colleges and universities to open new business models, serve the growing demographic of non-traditional students, and support new modes of learning.

- ▶ Facilitate new business models with competency-based education, micro-credentialing, badging, and more.
- ▶ Improve access to modern learning experiences and positive student outcomes.
- ▶ Offer courses that meet market demand, drive enrollment, increase persistence, and improve graduate employability.
- ▶ Lower IT and operating expenses to open opportunities for investment and innovation.
